Directions to Marshalling Area

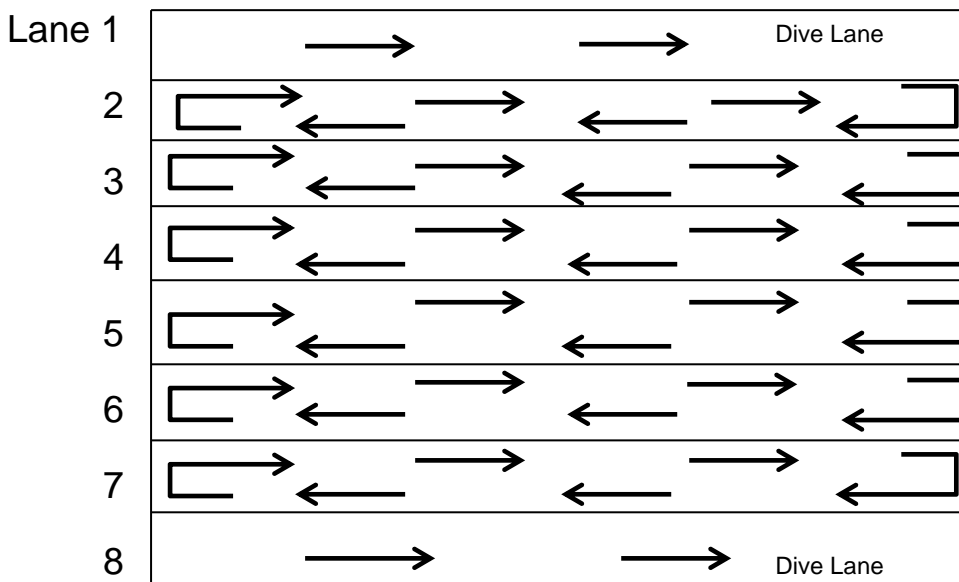

Meet Procedures

Warm-up Instructions

In the interest of swimmer safety, we ask that all coaches ensure that the procedures below are adhered to for the warm up period.

- Initially, all lanes are NO DIVING lanes with entry to the lane **feet first from a sitting position**. Swimmers should observe a **keep left** rule at all times.
- For the **last** 15 minutes, the usage of lanes 1 and 8 will change. They are reserved for dive sprints (at the start/finish end) and walk backs. Swimmers must clear the lane immediately, and should use caution when doing a backstroke start.

Warm-up lane allocation

Marshalling Instructions

- Obtain a PROGRAM and check your name against events.
- Claiming of events will be announced continuously. Competitors must then report to the Marshall and REMAIN IN THE MARSHALLING AREA. If competing in an event within the next three (3) events inform the marshal, swim the event, then return to the Marshalling Area.
- Failure to report to the marshalling area may result in the swimmer being deemed to have withdrawn.
- The Check Starter will then direct Swimmers to their starting positions.

Starting Instructions

1. After the Check Starter has placed the swimmers behind the starting platforms, the Starter will announce the Event and Heat Number, for example “50 Metres Freestyle, Heat 1”.
2. On the long whistle blast from the Referee, the swimmers shall step onto the starting platform and remain there. For Backstroke and Medley Relay events, the swimmers shall immediately enter the water and a second long whistle shall bring the swimmers to the starting position.
3. The Starter will give the command “**TAKE YOUR MARKS**”. Swimmers will immediately take up their starting positions with at least one foot at the front of the starting platform, or in the case of Backstroke, their starting position in the water, and **remain stationary**.
4. When all swimmers are stationary, the Starter will give the starting signal.
5. Any swimmer starting before the starting signal has been given will be disqualified. If the starting signal sounds before the disqualification is declared, the race shall continue and the swimmer/s will be disqualified upon completion of the race.
6. If the disqualification is declared before the starting signal, the starting signal shall not be given, but the remaining competitors shall be called back and start again.
7. Swimmers must complete the race in the lane they started in, and remain in their lanes, in the water, at the finish of the race. The Referee will instruct swimmers to leave the water. Exit by the side of the pool.
8. When ‘starting over the top’ is used, swimmers of the previous Heat or Event are to move to the side of the lane, against the finish wall, and remain still. When the next heat has started, swimmers under referee’s instructions, are to leave the pool by the sides as quickly as possible.

TO AVOID ACCIDENTS PLEASE DO NOT RUN IN THE POOL AREA.

Results from the meet will be available from
